1	16 (plant/ft2)	Current	-	-	-

	Weeds	Density	Stage	Min,Max,Avg Count	Min,Max,Avg Height
1	Dandelion	Edges	Rosette	1, 3, 1 (sq m)	-
1	Bluegrass, Annual	Edges	Tillering	1, 3, 1 (sq m)	-

1 Dandelion

1 Bluegrass, Annual

Comments

1	Good stand of wheat with a even population of 15 plants per square foot. The field was very clean with some dandelions and blue grass scattered around the edges of the field and some scattered in the wet spots.
